THE SYMPOSIUM

A National Symposium on Frontiers in Chemical Sciences (FICS-2017) is being organized by the Department of Chemistry, Govt. Degree College Sopore, India on November 4-5, 2017. This is going to be a mega event of its kind to be organized at college level in North Kashmir in the areas of Chemical Science. This National Symposium intends to bring eminent scientists, academicians and young scholars of various disciplines from across the valley and outside to provide a common platform for discussing their achievements and new directions of research in the field of chemical sciences. The scientific program will consist of invited talks, oral and poster presentations. The symposium Themes include:

- Advanced Materials
- Polymer Chemistry
- Synthetic Chemistry
- Medicinal Chemistry
- Pharmaceutical Chemistry
- Green Chemistry
- Electrochemical Power Sources
- Corrosion
- Nano Materials
- Computational Chemistry

The Abstract for oral as well as poster presentation should briefly describe the work to be discussed in the talk/poster and a concise summary of the findings. The abstract should be in Times New Roman Font, font size 12 and double spaced. It should be limited to 350-400 words including title, author(s) name and affiliation. In addition, please provide 4-5 keywords clearly reflecting the content of your paper. Maximum four references should be provided if necessary for understanding the context of the abstract.

ABOUT THE COLLEGE

The college arose out of humble origin as an intermediate college in 1949, then housed in present Boys Higher Secondary Institute Sopore with Late Prof. Mufti Jalal-din as its first Principal. The foundation stone of the college was formally laid down by the Prime Minister Hon'ble Late Sheikh Muhammad Abdullah on 27th of September, 1951 starting with a meager roll of 50 odd students in 1951. The institution has presently 5500 students on rolls, with about 2500 girl students making it the biggest multi-disciplinary co-education institution of the valley. Since 1951, college has developed into a multi-faculty institution with faculty of Arts, Science, Commerce and Management and Computer Applications, all manned by academicians with considerable potential, research and teaching experience.
