STUDENT PERFORMANCE AND LEARNING OUTCOMES 2016-17

Govt. Degree College Sopore from its inception has been doing a wonderful job in higher education sector both at the national as well as state level. The college has contributed a lot through its curricular, co-curricular and extracurricular activities to the society.

The college offers 17 Under-graduate courses approved under Choice Based Credit system (CBCS). A summary of all these courses is given below.

The Faculty of science offers subjects like Bio-technology, Bio-Chemistry, Computer Applications, Botany, Chemistry, Geography, Geology, Mathematics, Physics, Statics, Sericulture and Zoology. All the departments are well designed to offer a wide range of choices to their students and train them with good scientific temper. Almost each department is nicely equipped with well-designed laboratories with modern equipments.

Faculty of social sciences offers different courses under choice based credit system. The subjects include History, Education, Economics, Tourism, Psychology, Political Science, Sociology and Philosophy. These subjects are designed to train the students for different socio—economic and socio-political challenges and to serve the society in different dimensions of growth and development. The faculty through its efforts encourages its students to put theories learned in social and allied subjects into practice and interface directly with the public.

Faculty of languages comprises of Arabic, Persian, English and Urdu. The curriculum of the faculty is designed to train the students with all the skill learning methods related to the subject and has adopted a policy to induce a great habit of learning among the students to meet the new global market challenges in multiple dimensions. The faculty of languages is one of the oldest faculties of the college and is catering students from diverse disciplines. It is equipping the students with sharp critical analysis promotes honest background among its learners. The faculty of language is accomplished with the subject of Urdu keeping in view the regional as well as national needs under consideration. The department is catering a range of options to its students with respect to prose, poetry and introduction of Modern Indian Language (MIL).

Keeping the current global trade and commerce in high consideration the college facilitates the desired students with different skills like accounting, auditing, development, taxation etc. the faculty of commerce and management coordinate their curriculum activities and commitments to serve the same. The students are further complimented by the department of economic on relevance of the subject under current global economic situation.

2.3.2 STUDENT MENTORING SYSTEM AVAILABLE IN THE INSTITUTE

Govt Degree College Sopore is enriching its students through a well-established mentoring system available in the College. We have adopted a policy of Student First under which students are nourished through best possible ways. At the beginning of academic calendar the students are introduced to their courses and college protocol by the career counselling cell of the college. This in turn helps them to live in a better academic environment within and outside the college. It is also important to mention here that the College advisory committee in consultation with other committees does help the students from

poor socio- economic background through different means and enables them to study at par with rest of the students.

2.5.2 REFORMS INITIATED ON CONTINUOUS INTERNAL EVALUATION (CIE) SYSTEM AT THE INSTITUTIONAL LEVEL

We at Govt. Degree College Sopore believe in the continuous monitoring and evaluation system. This is done through a number of committees established in the college. The Examination cell of the college in coordination with the Carrier Counseling cell, College admission committee discipline committee and financial aid committee to reach to the students feeling any weaknesses in their studies.

2.5.3 Academic Calendar Prepared and adhered for conduct of examination and other related matters

Planning for the whole academic year in advance is one of the primary goals of our institute. The IQAC committee of the college in consultation with other committees like time table committee, admission committee and debates and seminar committee of the college prepares an academic calendar covering various components like syllabus coverage, practical examination, debates and seminars and various important days of both national and international level. This in exchange does help our students to flourish their potential and become responsible citizens in their times to come.
