

## Program: Active learning pedagogy for use of ICT in Classrooms

**Brief Report:** Teaching occupies an honourable position in the society. ICT helps the teacher to update new knowledge, skills to use the new digital tools and resources. A one-day workshop on "Active learning pedagogy for use of ICT in classrooms" was organized by Government Degree College Sopore on 15<sup>th</sup> of June, 2017 with the primary aim of sensitizing the students and teachers to use the ICT in classrooms.

The event started with welcoming the guest's. Welcome Speech was given by the Principal of the college and he advised the teachers and students to update new knowledge skills, to use the new digital tools and resources.

Honourable Guests Dr. Mohammad Saifan, Assistant Professor, emphasized Learning in informal settings, such as museums and after-school clubs, can link educational content with issues that matter to learners in their lives. These connections work in both directions. Learning in schools and colleges can be enriched by experiences from everyday life; informal learning can be deepened by adding questions and knowledge from the classroom. These connected experiences spark further interest and motivation to learn.

The workshop concluded with a vote of thanks proposed by Dr. Shamim Ahmad secretary, Staff Council of the college.
