2. Prof. Tariq Ahmad Wani said that Teachers' Day in India is celebrated on 5th September to commemorate the birth anniversary of Dr. Sarvepalli Radhakrishnan. He was a renowned scholar, recipient of Bharat Ratna, first Vice- President and second President of independent India. He was born on 5 September, 1888. As an educationist, he was an advocate of edification and was a distinguished envoy, academician, and above all a great teacher.
3. Dr. Zahoor Ahmad Makhdoomi expressed his thought and said Teachers Day is one such event for which students and teachers equally look forward to. Teachers Day is important for the students as it gives them a chance to understand the efforts put in by their teachers to ensure that they get a proper education. Similarly, teachers also look forward to the Teachers' Day celebration as their efforts get recognised and honoured by students and other agencies as well.
4. Dr. Nusrat Aziz highlighted the contribution of teachers who nourish and prepare students for their future as they are the real icon of knowledge and wisdom. They create awareness among the students and common people. They are the source of light in the world that has been darkened due to ignorance. Our teachers are the true pillars of our success. They help us garner knowledge, improve our skills, grow confidence as well as they help us to choose the right path to success. But, despite playing such a crucial role in the lives of students and in nation-building, they rarely are shown the gratitude that they deserve.

The vote of thanks was presented by Prof. M.Y Khan (Associate Professor Commerce).
