

Talk on Research Opportunities with special reference to Interdisciplinary Collaboration

The programme titled above came about on 14-06-2018. The programme was organised by the IQAC of the college. The programme started with the principal of the college throwing light on the need and importance of interdisciplinary research in the current times. The principal shed light on the growing need to blend the discoveries of several domains into an interdisciplinary one.

A special talk was delivered by a renowned researcher of the valley Dr. Peerzada Arshid Shabir (Assistant Prof. Botany) wherein the researcher elucidated upon the key facts that are essential for interdisciplinary research. The expert also threw light on the need to collaborate and on the importance of knowing the tools of research.

The talk ended with a vibrant question-answer session.

A vote of thanks was presented by Dr. Shahnaz Mohi ud din (Assistant Prof. Geography) one of the organizing members of the talk
