

Workshop on "Enhancing Positive Attitude and Increasing Team Building among different Departments of the College"

One day Workshop for all Head of Departments on "Enhancing Positive Attitude and Increasing Team Building among different Departments of the College" was organized by IQAC cell GDC Sopore on 19 September, 2016. In this programme, all the Head of the Departments participated.

Prof. Mushtaq Ahmad Dar, Principal Govt. Degree College Sopore presided over the session.

Prof. Imtiyaz Ahmad Parray, H.O.D. Geology, began his speech by saying that when a group works well together, it achieves the best results. That's why employers want to hire people with team building skills. Good team builders are able to help groups work together well and meet their goals.

Prof. Rehana Abdullah, H.O.D. English suggested that if you are helping to unite a team, you need to have strong communication skills. Using both written and verbal communication skills, you will have to explain the goals, delegate tasks, resolve conflicts between members, and more. It is important that you are able to clearly express ideas in ways that others can understand.

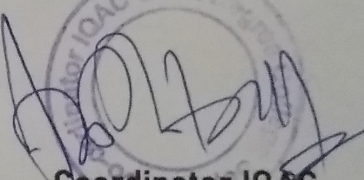

Prof. Tariq Ahmad Wani, H.O.D. Botany, stressed that being a team builder often requires assuming a leadership role for a team. You need to make decisions when there is conflict, establish group goals, and work with team members who are not producing their best. All of this requires leadership and management skills.

Dr. Shamim Ahmad Dar, H.O.D. Zoology, argued that while being a good leader is important in team building, so is being a good team player. You can help build a strong team by showing the team what it means to work well in a group. You will need to collaborate and cooperate with team members, listen to their ideas, and be open to taking and applying their feedback.

Prof. Mushtaq Ahmad Lone, Principal Govt. Degree Sopore thanked all the members for participating in the said workshop. Further, he believed that this event will bear rich fruits in enhancing the positive attitude and team building among the faculty.

The event concluded by vote of thanks delivered by **Coordinator IQAC, Prof. Mehraj Ud Din Khandawav.**
