

Workshop on Information Technology by Computer Science and BBA

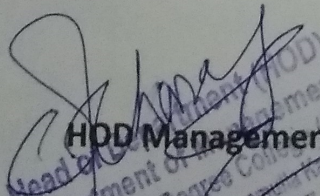

The Department of Management studies in collaboration with the Department of computer science organized a workshop on information technology. The workshop was conducted on 26-11-2018.

The growing scope of IT sector, the possibilities in this regard and the need to be updated and upgraded in terms of IT concepts were given a threadbare discussion.

Experts from varying field and factions of the society who have earned name and fame for themselves were invited to the workshop. The experts talked about IT concepts, infrastructural needs and the growing market of IT. They urged students to get themselves acquainted and updated in this direction to make their efforts come to fruition.

The workshop was a nothing less than success.
