Environmental Week

From 18th to 25th of June 2019

Department of Environmental Science, Govt. Degree College Sopore celebrated Environmental Week from 18th to 25th of June 2019 with the theme of year "BEAT THE AIR POLLUTION". The event witnessed the large scale participation of students in various activities like campus cleaning, painting, quiz and seminar. Local drive was also done where students shared environmental concerns with people encouraging them for using bio-degradable carry bags in place of polythene. The sole objective of environmental week programme was to infuse among students, people and faculty members a sense of responsibility towards environment as it is critical for our survival. The valedictory function presided over by worthy Principal Prof. Farooq Ahmad Malik was also held in which the students were awarded medals & certificates for their affective role throughout the Environmental week.
