## Press Release

Today on 11th day of May 2022, Wednesday at 12:00 noon, Department of Computer Application in collaboration with Department of Information Technology organized **Cyber Jaagrookta Diwas** in the virtual class room of the college which was full of audience. The theme of the day was **"Safety in online Transactions"**. Worthy Head of the Department Computer Applications, Prof. Rouf Ali started the proceedings with a welcome and keynote address followed by recitation of holy Quran by Hafiz Basit from 3rd semester. The lecture was delivered by Imran Qadir, Assistant Professor, Department of computer Applications GDC Sopore on the theme cited above and the participants were enthusiastic after the lecture was delivered and they found ways and means to save themselves from cyber attacks and understood how to execute online transactions in a safe environment. The vote of thanks was presented by Dr. Wasim Akram, Assistant Professor Department of Information Technology. The participants were given light refreshment.
