

Workshop on Mushroom Cultivation

Department of Botany, Govt. Degree College Sopore in collaboration with District Mushroom Cultivation Centre, Baramulla organized one day workshop on Mushroom Cultivation at Mushroom Cultivation Centre, GDC Sopore for students on 25th of March 2022 – Friday. The Workshop was presided over by Principal GDC Sopore Prof. Dr. Salma Ahad.

The workshop was inaugurated by Jeetendra Jeet Singh, District Mushroom Cultivation Officer, Baramulla and motivated students about the importance and innovation of mushroom cultivation technology. He emphasized that mushroom cultivation is a new investment opportunity for the weaker sections, so that they can start their business on a small-scale level with techno -economical methods utilizing their rural level resources in a very effective manner.

The workshop was organized with the aim that this workshop will be helpful to the students, and unemployed youth. The participants were trained for preparation of compost bags, Seeding of spawn, maintenance of ideal temperature and humidity of the mushroom centre etc.

The other participants of the programme were Prof Tariq Ahmad Wani (HOD Botany), Prof Mohammad Yousuf War, Prof. Ghulam Mohiuddin Mir, Dr. Peerzada Arshid Shabir, Prof Mushtaq Ahmad Bhat, Other officials of District Mushroom Cultivation Centre, Baramulla, Non-teaching Faculty of Department of Botany, Students and Landscape Division.
