BHARATIYA VIGYAN SAMMELAN

भारत का विकास भारतीय मूल्यों और नवप्रवर्तन के साथ | Development of Bharat with Bhartiya Values and Innovations

Call For Abstracts

Indian Traditional Knowledge

Bharat has always been scientifically advanced from ancient to contemporary times. Stalwarts like Kanad to Kalam are some of the famous scientists of India who contributed to that advancement of India. Evidence of this can be found in various historic Indian texts and manuscripts. The bharatiya culture has been the torch bearer in practicing and implementing science as the way of life. Some of the greatest scientists of the mankind our ancient sages, envisaged importance of science and inculcated it deep into our cultural practices. Such scientific practices, amalgamated with our cultural beliefs, help us lead a happy, peaceful and contented lives.
