No.: F/GDCS_GLY/Exams/assessment/2025/01

Dated: 21-02-2025

Examination Notification

It is hereby notified for the information of all Geology Major and Minor students that their First Assessment Examination for subjects **J2/M2**, **J3/M3**, and **J1/M1/MN** will be conducted on **3rd**, **4th**, and **6th March 2025**, respectively.

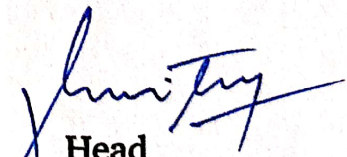

Each assessment carries 10 marks, and the cumulative marks from these assessments will contribute to the final internal examination score. The assessment includes marks for attendance, viva, and written examination.

Therefore, students are strictly advised to attend the classes regularly (classwork commenced on **15 Feb 2025**), as low attendance will result in loss of marks. Moreover, only students with at **least 70% attendance** will be permitted to appear in the examination. Students who fail to appear for the examination will be marked **ABSENT**, and no re-examination will be conducted.

Students must take this notification seriously and ensure regular attendance to avoid any academic consequences.

Note:

- 1. Attendance has been recorded since February 15, 2025, and students have already started losing attendance marks due to absence.*
- 2. Classwork commenced on 15 Feb 2025, so the topics scheduled to be on respective dates discussed will not be repeated.*
